

Serving The Aviation Insurance Community Since 1987

About W. Brown & Associates

Founded in 1987, W. Brown is widely known as the most consistent source of aviation insurance. No competitor can match our 30+ year record of ownership, management or underwriting stability.

We have proudly partnered with the Endurance Group of Insurance Companies since 2016 to underwrite US general aviation business on their behalf.

In 2017, Endurance was acquired by Sompo Holdings, Inc. and rebranded itself as Sompo International, whose operating subsidiaries are backed by the financial strength of Sompo Japan Nipponkoa Insurance Company which has more than \$60 billion in total assets and also holds an A+ financial strength rating from A.M. Best.

W. Brown offers insurance support for virtually every sector of the General Aviation market. Admitted policies are available in all 50 States, D.C., Puerto Rico and the U.S. Virgin Islands.

Our **Flight Line Plus** system offers appointed brokers 24/7 online access to quote, bind & manage eligible P&B business. Liability coverage for Drones is also now available via the system. **Flight Line Plus** can be accessed via AeroQuote or directly at the WB AIS website.
